LABORATORIEN

# **GCxGC – Analysis of Petrochemicals/ UVCBs**

**Challenging Analytical Needs?  
We offer the Solution.**

# NOACK LABORATORIEN

## Benefits of GCxGC:

- Improved Determination of Petrochemicals/UVCBs
- Grouping of Petrochemicals in Hydrocarbon Blocks
- 2D Chromatographic Resolution

## Applications:

- Supporting Analytics for Aquatic Testing acc. to PETROTOX
- Substance ID Profiles/Sameness Analytics (REACH/CLP)
- SPME Biomimetic Extraction for Determination of Truly Dissolved Substances
- Refined PBT Testing of UVCBs
