GCxGC – Analysis of Petrochemicals/ UVCBs

**Challenging Analytical Needs?
We offer the Solution.**

NOACK LABORATORIEN

Benefits of GCxGC:

- Improved Determination of Petrochemicals/UVCBs
- Grouping of Petrochemicals in Hydrocarbon Blocks
- 2D Chromatographic Resolution

Applications:

- Supporting Analytics for Aquatic Testing acc. to PETROTOX
- Substance ID Profiles/Sameness Analytics (REACH/CLP)
- SPME Biomimetic Extraction for Determination of Truly Dissolved Substances
- Refined PBT Testing of UVCBs
